

TUNIKI SURYA TEJA

Career Objective

- Computer Science student with hands-on skills in Python, SQL, and Power BI, and project experience in AI and NLP. Seeking an entry-level Data Analytics role to turn data into clear, useful insights.

Projects

AI-Powered Personal Assistant | NLP & Machine Learning

Sep 2025

Technologies: Python, NLP, SVM, JavaScript, REST APIs.

- Developed an intelligent virtual assistant using **NLP** and **SVM** for intent classification.
- Applied text preprocessing techniques such as tokenization, stop-word removal, and vectorization.
- Automated tasks including weather updates, reminders, and information retrieval.
- Integrated real-time REST APIs to generate dynamic responses.
- Improved user interaction through personalized and adaptive response handling.

Smart Bin System with Full Detection and Automated Waste Management

Dec 2025-present

Technologies: ESP32, IoT, Ultrasonic Sensor, IR Sensor, Servo Motor, Blynk App, LCD

- Designed and developed an IoT-based smart waste monitoring system using **ESP32 microcontroller**.
- Implemented **ultrasonic sensor** to monitor real-time garbage fill levels.
- Integrated **IR sensor and servo motor** for automatic contactless lid operation.
- Enabled real-time notifications via **Blynk IoT platform** when bin reaches threshold level.
- Improved waste collection efficiency and reduced overflow issues, displayed status on LCD screen

Certificates

Power BI | Microsoft

AUG 2025

Introduction to Artificial Intelligence | IBM Skill Build

OCT 2025

Natural Language Processing and Computer Vision | IBM Skill Build

OCT 2025

Technical Skills

Languages:	SQL, Python
Tools/Platforms:	Power BI, GitHub, Git
Technologies/Frameworks:	HTML, CSS
Skills:	Problem-Solving, Communication, Teamwork

Education

Sree dattha group of institutions

2022 – 2026

Bachelor of Technology in Computer Science and Engineering – CGPA: 7.82

Rangareddy, Telangana

Telangana State Model School

2020 – Mar 2022

Intermediate – Percentage: 79%

Boinpally, Telangana
